

Technical drawing of the SST-TSO5x-2560 Schnittstelle (Fixture interface) showing three views: top view, side view, and perspective view.

The top view shows a rectangular plate with dimensions 495,30 mm by 152 mm. It features a central area with a grid of holes, two circular mounting holes at opposite corners, and a series of small holes along the bottom edge labeled 1 through 180. The side view shows the thickness of the plate as 6,35 mm. The perspective view shows the plate mounted on a base with several screws and a circular component at one end.
