

Pressure spring

FED-10,0-15,0-87N-09,0

Item 2785

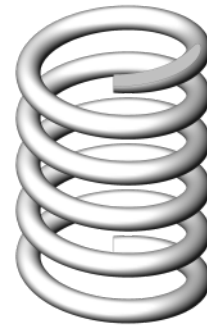

- Trusted pressure springs, suitable for all test fixtures, exchangeable kits, and interchangeable kits
- Highest spring steel quality for maximum breakage resistance
- Various diameters available
- Various spring forces available

General data

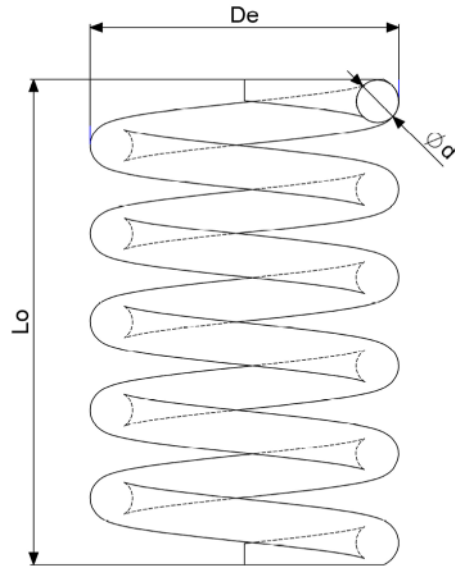

Product group	Pressure springs
Series	FED
Type	Pressure spring
Accessory type	Customising accessory
Material	EN 10270-1-DH
Height	15 mm [.590 in]
RoHS-compliant	RoHS-3

Technical data

Force	87 N [312 ozf]
Length	9 mm [.354 in]
Diameter	10 mm [.393 in]

Pressure spring
FED-10,0-15,0-87N-09,0
Item 2785

- De = Outer winding diameter
- Lo = Non-tensioned length
- Ln = Length at rated force
- Fn = Rated force at max. permitted stroke
- d = Wire diameter
