

RF transfer

HF-U-N-18GHz-50OHM-F-F

Item 43462

- EMC-compliant connectors for connecting the highly sensitive RF DUT to the measuring system from and to the shielding area
- Interference-free transmission of common signals (RF, low voltage, serial, bus, HSD, USB, lan) and tube bushings

General data

Product group	RF accessories
Series	HF-U
Type	N plug connector
Version	RF transfer
Accessory type	Customising accessory
Min. temperature	- 65 °C [- 149 °F]
Max. temperature	+ 165 °C [+ 329 °F]
RoHS-compliant	RoHS-3

Electrical data

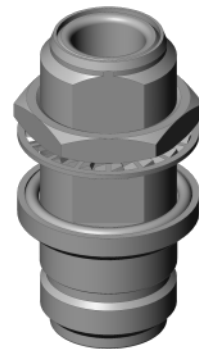

Impedance	50 Ohm
-----------	--------

Technical data

Connection	5/8-24 UNEF
Number of poles	1
Frequency up to	18 GHz
Length	38 mm [1.49 in]
Diameter	21 mm [.826 in]

Compatible with

Exchangeable kits version	HF
MA exchangeable kits (ATS MA)	ATS MAxx/HF/ESD
