

# RF PCB Simulator

## SET-HFS-TEST-PCB29R

Item SET-HFS-TEST-0001

GO TO PRODUCT

**ingun**<sup>®</sup>

Partner for Future Technology

### General data

Product group:

Series:

Sub-series:

Min. temperature:

Max. temperature:

RoHS-compliant:

Calibration kits (SET-HFS-TEST)

Calibration kit set HFS-test

Calibration kit set HFS-test

-100 °C [-148 °F]

200 °C [392 °F]

Yes

### Electrical data

Maximum frequency:

Impedance:

Dielectric strength:

18 GHz

50 Ohm

.9 kV

### Cable data

Cable length:

0 cm

### Connector data

Interface 1:

Interface gender 1:

Version 1:

Interface 2:

Moment interface 1:

SMA

M signal conductor male / plug

Straight

PCB simulator

45 cNm [3.98 lbf-in]
