

GO TO PRODUCT

- Functional unit for individually configurable anti-pinch protection upgrade
- Increased safety for operators during maintenance operations
- Warping of housing in case of incorrect usage is avoided as much as possible
- Quick, easy installation with minimum rework on housing required

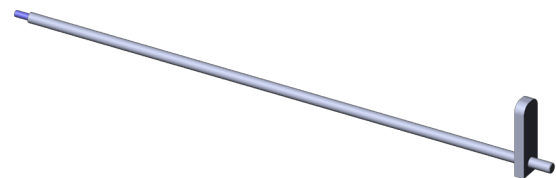

Application

Using the new anti-pinch protection extension FB-KSG-ER-MAx12, single-sided, reinforced anti-pinch protection can be extended to double-sided anti-pinch protection. This is useful for large test fixtures in order to improve the safety of the operating personnel during maintenance and to prevent damage to the housing in the event of operation errors as much as possible.

Installation requires little rework on the opposite side of the housing, which can be done easily and quickly. The supplied installation instructions provide guidance for professional retrofitting.

Delivery

The functional unit must be assembled upon delivery using detailed documentation provided.

Note:

When installing the anti-pinch extension, ensure the stopper is aligned parallel to the pre-installed stopper and firmly clamped on the shaft using a set screw. The anti-pinch protection extension is compatible with all MA xxxx test fixtures that have the single sided, reinforced anti-pinch protection installed. The single-sided reinforced anti-pinch protection can quickly and easily be upgraded on all MA xxxx test fixtures as required.

General data

Product group:	Functional units
Series:	FB-MAx12
Type:	Anti-pinch protection extension
Version:	Set
Accessory type:	Additional function
Scope of delivery:	Unassembled
Material:	3,32
Width:	436 mm [17.1 in]
Height:	60 mm [2.36 in]
Weight:	0.08 kg [.176 lbs]
Min. temperature:	10 °C [50 °F]
Max. temperature:	60 °C [140 °F]
RoHS-compliant:	Yes

Compatible with

Manual test fixtures (MA):	MA xx12
----------------------------	---------

Technical data

Installation:	Thread M5
Length:	20 mm [.787 in]
Diameter:	8 mm [.314 in]
Outer dimensionS (WxDxH):	436 x 20 x 60 mm [17.1 x .787 x 2.36 in]

Anti-pinch protection, extends

FB-KSG-ER-MAXx12

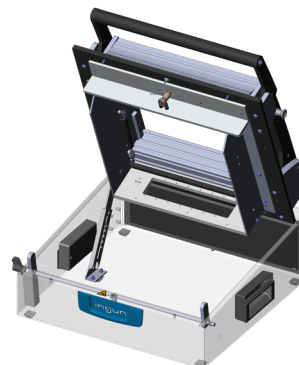

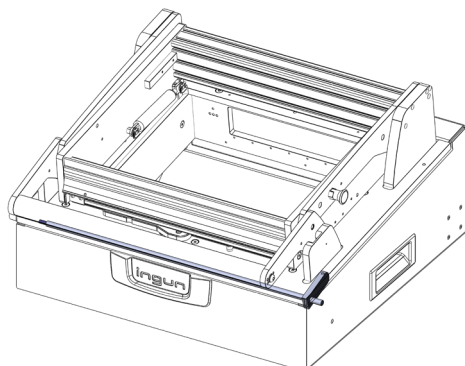

Item 111799
